

RESOLUTION OF THE MARIN COUNTY REPUBLICAN CENTRAL COMMITTEE IN SUPPORT OF THE IRANIAN PEOPLE AND THEIR STRUGGLE FOR FREEDOM

WHEREAS the people of Iran have long endured repression under a theocratic regime that denies fundamental freedoms, including freedom of speech, religion, assembly, and democratic self-government; and

WHEREAS the ruling clerical regime maintains power through censorship, intimidation, imprisonment, violence, and systematic abuses against peaceful protesters, women, journalists, minorities, and political dissidents; and

WHEREAS this regime has demonstrated hostility toward the United States and its allies and continues to pose a threat to regional and global security; and

WHEREAS the Iranian people—especially women and young adults—have shown extraordinary courage in demanding liberty, equality under the law, and an end to religious tyranny; and

WHEREAS these aspirations are consistent with core American principles of individual liberty, representative government, and human dignity; and

WHEREAS many Marin County residents are of Iranian descent and share our American values; and

NOW, THEREFORE, BE IT RESOLVED, that the Marin County Republican Central Committee:

- Expresses its unequivocal solidarity with the people of Iran; and
- Condemns the human rights abuses committed by Iran's ruling clerical regime and calls for accountability for those responsible; and
- Urges the United States to support the Iranian people through lawful diplomatic, economic, humanitarian, and informational means; and

BE IT FINALLY RESOLVED that this resolution be distributed to appropriate local, state, and national media outlets as a statement of solidarity and a reaffirmation of the universal right to live free from tyranny.
